21. If a ball touches the boundary line, it is good.

23. The ball, to be legal, must pass between or over the side boundary lines as it crosses the net.

24. *All games are rally scoring. A team wins the game when they score 25 points and have a two-point advantage. If the match goes to a third game, it will be 15 points. No caps - win by 2.*

25. Front line players are allowed to block at the net. No block or attack of a serve is allowed.

28. The team receiving the ball for service from its opponents immediately rotates one (1) position clockwise; the front-line moves one (1) position to the right and the back-line one (1) position to the left. Teams with more than six (6) players will be allowed to rotate players in and out, but it must always take place at the serving position. The intention to rotate players in must be declared and started at the beginning of a game. Men's A league games can substitute according to USAV rules.

29. Server must wait on referee's whistle to serve the ball.

30. If the ball hits the basketball goal or the rafters, does not break the plane of the net and drops on the offensive side of the net, the team can make a play on the ball if they have a play left. If the ball hits the basketball goal or the rafters and falls over the net, it will be considered a side-out.

31. The ball may be played with any part of the body. It must be clearly batted, kicked, not thrown or scooped, except off a hard driven spike. Then if it is clearly played, it may remain in play if it hits the waist or above the waist.

A game is won by either team when:

a. *One team scores 25 points or if the match goes 3 games, 15 in the 3\textsuperscript{rd} game, with a two-point advantage*
b. For any reason, team is reduced to less than five (5) players (the game shall be forfeited). The score of a forfeited game is 30-0 or 15-0 for a deciding game.
c. A match is won by the team that wins two (2) out of three (3) games.
37. **Time Factors:**

The following time factors are in effect:

a. The rest period between games of a match is three (3) minutes.
b. Time-outs shall not exceed one (1) minute.
c. One (1) time-out is allowed each team per game.
d. Time for injury shall not exceed three (3) minutes.

38. **Replay:**

a. When fouls by opponents occur simultaneously (double foul).
b. By agreement of captains and referee when ball strikes an obstruction below 23’ or obstructions that are within 6’ of boundaries, except after their hit or on a serve.
c. Officials’ mistake.
d. Injury during play.
e. Foreign object interferes with play.
f. Serving before signal by referee.

39. **Ball Becomes Dead:**

a. When ball passes over, outside antennas.
b. Ball passes completely under the net or completely across the centerline or its extension.
c. Contacts obstruction above 23’.
d. Touches floor. (Fouls committed afterwards are not penalized.)
e. Becomes motionless on overhead obstruction.

40. **Net Fouls:**

It is a net foul to touch the net (including the part of the net outside the antennas), but is not a foul to touch the net supports or the referee’s platform. Inadvertent contact of the net by the hair caused by the turning movement of the player is not a foul.

a. Touching opponent’s court with a foot or feet is not a foul, providing some part of the encroaching foot or feet remains on or above the centerline at the time of such contact.
b. Stepping completely across the centerline with the feet or touching opponents court with any other part of body is a foul.
c. A player may cross the extension of the centerline but if playing the ball, the ball must not be completely across the centerline extension.
d. A player may cross the centerline once the play is dead (e.g. ball has already hit the floor.)

41. **Ball Touching Net:**

a. Ball is dead if it touches that part of the net, which is beyond the antennas.
b. A ball which touches the net without crossing to opponent’s side after a team's three (3) contacts is not dead until it is contacted a fourth time or touches the floor.
42. **Blocking:**

   a. The intention to block is determined by attempting to stop the ball from crossing the net by contacting the ball while in a position at the net.

   b. An actual block is contact with the ball by one (1) or more of the blockers.

   c. Blockers may reach over the net to block but may not contact the ball until after completion of opponent's action, which sends the ball towards the blocker's side.

   d. A team, which has affected an actual block (contact), shall have three (3) or more contacts to return the ball to opponent's area.

   e. Back row players may not block at the net. A back row player may jump and place hands above the net with intention of blocking, but it is only a foul when the back row player or any of the players blocking with the back row player contacts the ball.

43. **Restrictions on Back Row Player:**

   a. A back-line player may not direct a ball from within the attack area (on/or in front of the 10' line) into opponent's court if the player's contact of the ball is above the height of the net. If this happens, it is a back row attack.

      If it is the first or second contact, wait to see if the ball crosses the net completely or if it is blocked by the opponents, in which case, it is a foul on the back row player. If the ball goes into the net, however, the ball remains in play.

      If it is the third contact, rule the hit illegal at the moment of contact regardless of what happens to the ball.

   b. Back row players may not actually block (contact a ball while in attack area, even if the ball is not returned to opponents).

44. **More Than One (1) Contact:**

   a. Not allowed on any play except on attempt to block.

   b. Any player participating in a block shall have the right to make the next contact, which shall count as the first of three (3) contacts allowed the team.

45. **Simultaneous Contacts by Teammates:**

   The simultaneous contacts count as one (1) contact. Either player may play the next ball.
